June Community Update

Alfred Street Baptist Church Building Expansion Project

As part of the important dialogue with the community that is central to the Alfred Street Baptist Church's ("ASBC") Building Expansion Project, ASBC would like to provide a monthly update of where the Church is in the development review process. This is the first of those updates and it will be disseminated via email as well as being posted on the ASBC website: <http://www.alfredstreet.org/news/community-outreachmeeting-notes/>.

After receiving many comments and questions at the first Community Meeting held on March 16, 2016, ASBC has been working hard to respond thoughtfully. As a result, ASBC delayed its submission of its Concept II plans to respect the comments and questions heard at the meeting. Included in this update is a schedule that has been created based on that delay. The schedule is subject to revision based on issues that come up during the development review process.

ASBC Tentative Land Use Schedule

CONCEPT II SUBMISSION W/ UPDATED TRAFFIC STUDY	MAY 27, 2016
